

MATTHYSEN Studios is a purpose-orientated, design-led landscape architecture start-up specializing in luxury hospitality. We are passionate designers, creative thinkers, and problem solvers. The studio embodies a purist approach to design and we believe in the power of space and its impact on the observer. We imagine contextually informed spaces that elicit a sculpted sense of place. Our studio philosophy is to provoke and investigate shifting concepts to solve problems through creative thinking and produce spaces that resonate.

Due to some serious hard work and a bit of luck, we are excited to open our first studio in Cape Town.

We invite you to join us!

You will thrive on a diversity of project experiences and opportunities – contributing to a vast array of projects and the growth of a strong and creative team.

We invite applications from candidates who are degree qualified in Landscape Architecture / Architecture or equivalent, with a minimum of 5 years of professional experience. Strong stakeholder management skills will naturally translate into an opportunity for the right candidate to manage a range of smaller projects. Revit experience will be highly regarded.

We are looking for applicants with:

- Solid documentation skillsets (Revit, AutoCAD) with demonstrated BIM capabilities highly regarded
- 3D knowledge (Sketch-up, Lumion, Enscape),
- A general aptitude for design and documentation (InDesign, Photoshop),
- Good planting/vegetation knowledge, and
- Sound knowledge of design issues e.g., planning, climate, and benchmark project outcomes.

The successful candidates will be collaborative, hard-working, and passionate about innovative landscape solutions. With a creative flair, you will possess a willingness to learn new software and be passionate about innovative and creative design solutions.

**Please submit your CV and a design portfolio to [admin@matthysen.co](mailto:admin@matthysen.co) that demonstrates your experience and explains your suitability for the role. Please provide an embedded PDF link on your CV.**
