KEYNOTE SPEAKERS

Justice Malala
SA political landscape - a sober, hopeful and entertaining assessment

In a sober, hopeful, and entertaining assessment of recent developments in our country, Justice offers a deep political analysis in an entertaining, predictive talk. With electricity blackouts reaching unprecedented levels, the economic and political uncertainty of past years has returned with a vengeance. Justice explores these pressing questions and other issues which face South Africa, Africa, and the world.

Dr Michael Mol
It's your move!

There's a secret that science backs-up - a single factor that boosts clarity, creativity and decision making leading to enhanced mental and physical health and ultimately flourishing. Knowing your "WHY" is the most powerful motivator and behaviour changer - and figuring it out is the gist of Michael's keynote presentation

NETWORKING DINNER

Entertainment and a DJ are the focus of a networking dinner and social.
