

TITLE	MASTER LANDSCAPE PLAN				
	PROJECT 3556	SIZES 100	PLANT DES. AO	DESIGN DESIGN	SCALE As Shown
	DRAWN BY AM		CHECKED MS	DATE 15 MAY 2019	
DRAWING NO. IS-3556-100				SHEET NO. 1	

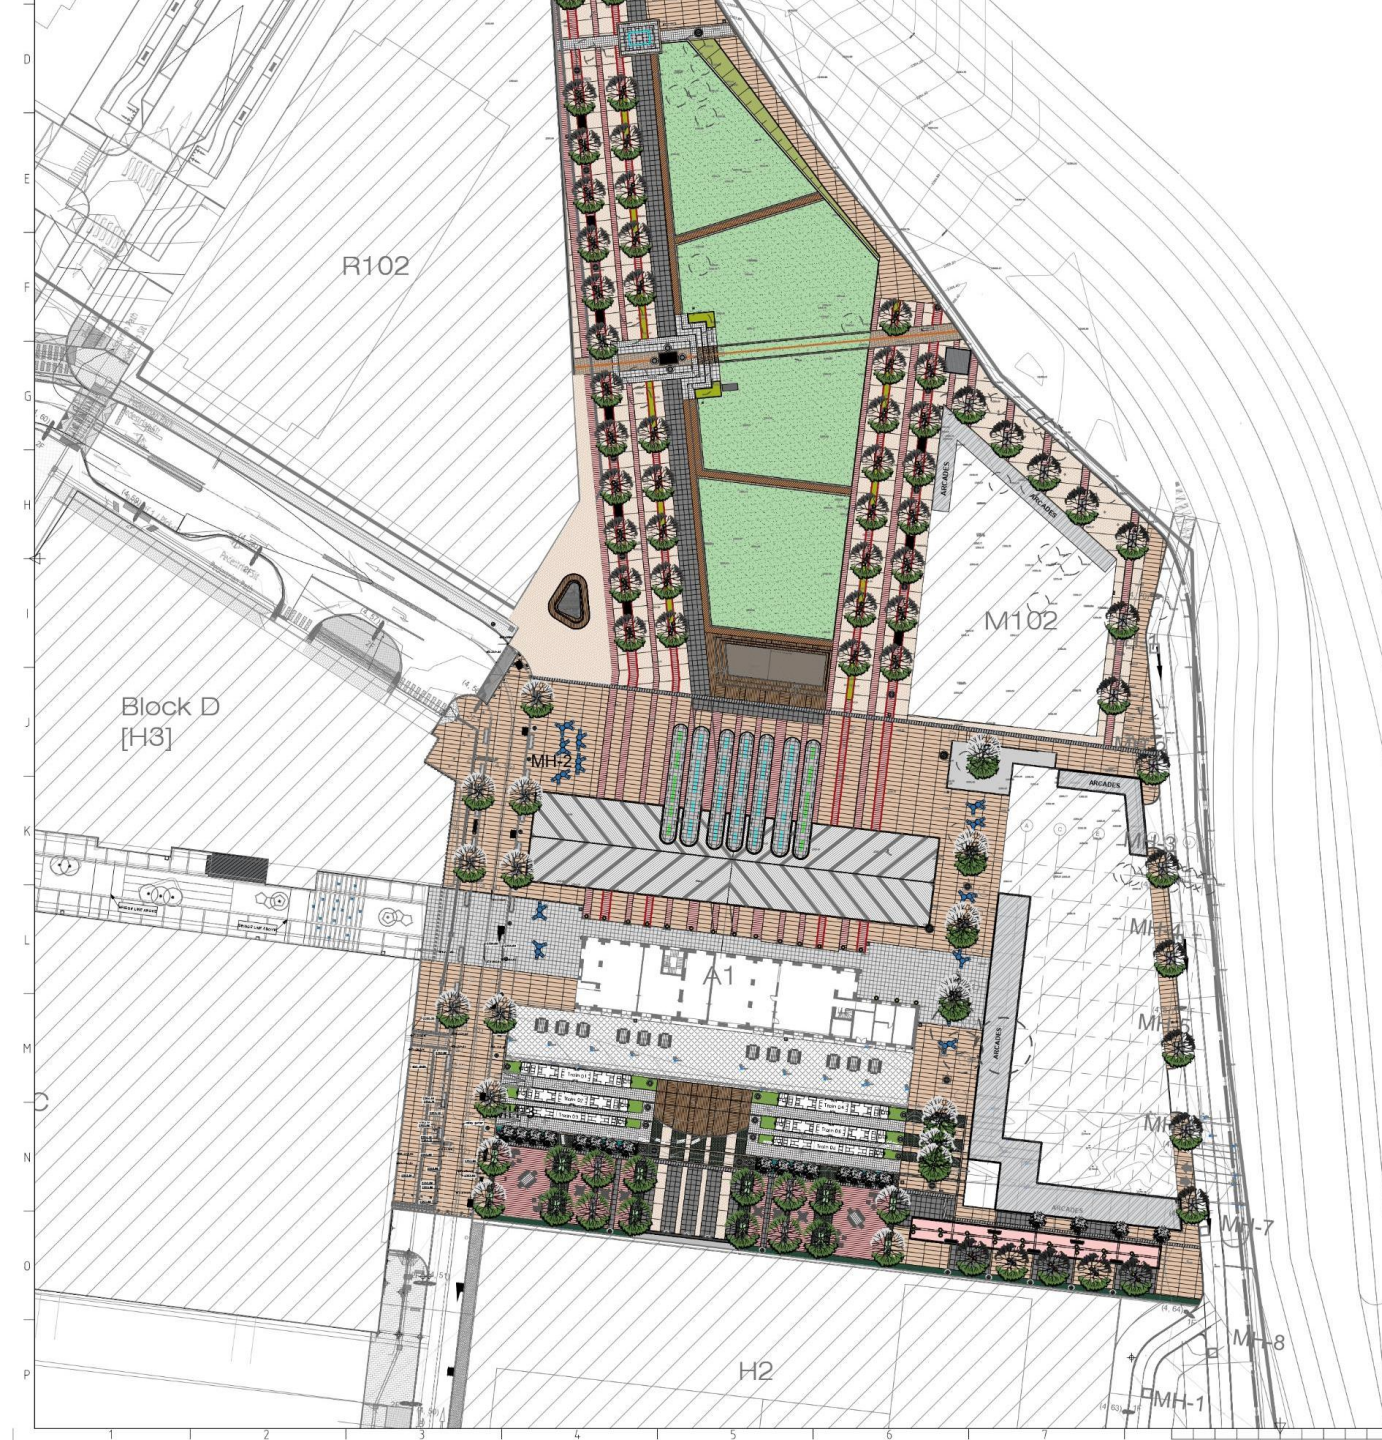

Image	Description	Code	Area
	60x150x20mm SANDBLAST GRANITE TILE, COLOUR: GREY/SLT	CS	300m ²
	60x30x20mm FLAMED GRANITE TILE, COLOUR: WHITE/GREY (15%)	CS	254m ²
	60x60x100mm 88GRASSLOCKS PAVES, EX: BOSUN	P7	223m ²
	DECK: TREATED WANJA HARDWOOD DECKING (19x60mm) PLANKS WITH REEDED FINISH	P6	245m ²
	PODIUM DECK: TREATED WANJA HARDWOOD DECKING (19x60mm) PLANKS WITH REEDED FINISH	P11	83m ² 168m ²
	1000mm x 450 (mm) SEATING WALL CLADDED WITH WANJA HARDWOOD TREATED WANJA HARDWOOD SLATS (19x60mm) PLANKS WITH REEDED FINISH	P12	164m ² 156m ²
	DRAINAGE CHANNEL	C11	222m ² 130m ²
	6mm THICK U PROFILE, MATERIAL: STAINLESS STEEL, FINISH: ANTIQUE, COLOUR: BRASS.	CS	305m ²
	100mm x 6mm THICK U PROFILE, MATERIAL: STAINLESS STEEL, FINISH: ANTIQUE, COLOUR: BRASS.	CS	611m ²
	78x26x100mm CORTEN STEEL CHANNEL	C11	801m ²
	450mm x 4000mm (x 16000mm) mm ARTIST IMPRESSION ART WALL, Elias Sima, internationally known Ethiopian artist working on painting, sculpture, and architecture	V16	161m ²
	TACTILE PAVERS: 400x400x60mm WARNING TACTILE PAVERS, COLOUR: YELLOW	C11	1190m ²
	400x400x60mm WARNING TACTILE PAVERS, COLOUR: YELLOW	C11	559m ²
	15x10x45x7mm GRANITE KERB ROAD NON-MOUNTABLE, FINISH: FLAMED	C11	43m ² 282m ²
	152mmx467mmx10000mm GRANITE KERB FLUSH WITH PAVING, FINISH: FLAMED	C11	85m ² 545m ²
	450mm x 480 (mm) mm CUSTOM PRECAST CONCRETE BENCH MODULE	V11	134m ²
	800mm mm BUILT PLANTERS CLADDED WITH STONE, PLANTER LENGTH AND HEIGHT VARIES ACCORDING TO LOCATION	V11	104m ²
	30mmmm THREAD x 180mm RISER STEPS WITH 90x60x30mm (Rectangular Ledge) MOROC GRANITE PAVES, COLOUR: SANDSTONE FINISH	C11	122m ²
	14-SITU CAST CONCRETE PLANTER WALL WITH VARYING HEIGHTS/WIDTHS.	V11	221m ²
	CLIMBERS CABLE AT PERGOLA	V11	116m ²
	300mm mm RETAINING WALL CLADDED WITH STONE, PLANTER LENGTH AND HEIGHT VARIES ACCORDING TO LOCATION	V11	73m ²
	360x360mm INVISIGRID FOR TREES IN PAVING AND TREE GRIDS	C11	88m ²
	WATER FEATURE TYPE 1	V11	25m ²
	WATER FEATURE TYPE 2	V11	330m ²

Image	Description	Code	Area
	191x125x250mm MONUMENT SIGNAGE	S1	03no.
	RAMP SIGN (by curator)	S2	07no.
	HERITAGE SIGNAGE	S3	07no.
	70x50x62mm ALUMINUM RAILWAY CLIP ON SIGNAGE	S4	12no.
	730x115x150mm INTERPRETIVE SIGNAGE VEHICLE (INTERNAL)	S5	03no.
	250x1050mm PODIUM INTERACTIVE SIGNAGE - OR	S6	04no.
	BUILDING CORNER PLAQUE SIGNAGE	S7	02no.
	330x20x45mm ALUMINUM FLAT PLAQUE SIGNAGE	S8	02no.

SHRUBS & GROUND COVERS					CODE	SIZE	AREA	DENSITY	QUANTITY	
SUOX MIX <i>Festuca ovina</i> (Fescue blue) <i>Festuca microphylla</i> (small weaved fescue) Perennial sedgum (Peruvian Grass) <i>Lamellaria angustata</i> (English lavender) Lipase muscar (Mourve grass) <i>Oenothera biennis</i> (Wild iris)					(11)	50CM	400m 400m 400m 400m 400m	15mm ² 2mm ² 2mm ² 1mm ² 2mm ²	190no. 190no. 190no. 190no. 190no.	
Ligustrum ovalifolium (Oval-leaved privet)					(12)	LD	400m	52m ²	9m ²	468no.
Ligustrum sinensis "Variegata" (variegated chinese privet)					(13)	LIS	400m	73m ²	9m ²	675no.
TWILKEY MIX <i>Festuca glauca</i> (Fescue blue) <i>Festuca microphylla</i> (Small-weaved fescue) <i>Oenothera biennis</i> (Large wild iris) <i>Rubus fruticosus</i> (Strawberry bush)					(14)	15CM	400m 400m 400m	1mm ² 1mm ² 6mm ²	262no. 262no. 1372no.	
FRUIT TREES & SHRUB PLANTS MIX: <i>Bananasia officinalis</i> (Bananae) <i>Azalea chinensis</i> (Asian azaleas) <i>Rosa sinensis</i> (Chinese rose) <i>Philadelphus</i> (Flowering quince) <i>Cymbopogon citratus</i> (Citron grass) <i>Lantana camara</i> (Lantana vine) <i>Euphorbia pulcherrima</i> (Crown of thorns)					(15)	FEM	400m 400m 400m 400m 400m 400m	1mm ² 1mm ² 73m ² 1mm ² 158m ² 158m ²	73no. 73no. 73no. 73no. 158no. 158no.

	1000W Highbay lights that has 1 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	7no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 2 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 3 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 4 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 5 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 6 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 7 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 8 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 9 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 10 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 11 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 12 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 13 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 14 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 15 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 16 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 17 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 18 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 19 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 20 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 21 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 22 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 23 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 24 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 25 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 26 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 27 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 28 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 29 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 30 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 31 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 32 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 33 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 34 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 35 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 36 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 37 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 38 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 39 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 40 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 41 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 42 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 43 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 44 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 45 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 46 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 47 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 48 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 49 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 50 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 51 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 52 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 53 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 54 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 55 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 56 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 57 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 58 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 59 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 60 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 61 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 62 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 63 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
	1000W Highbay lights that has 64 light or similar approved; Material: Powder coated Aluminium and steel; Colour: Dark Grey	3no	1no	Head top light for mounted lights in ground (flagpole top or similar approved)
