

Insite Landscape Architects – Senior Landscape Architect Vacancy

We are looking to employ an experienced Landscape Architect to join our design-focused and dynamic team in the Centurion office, South Africa.

This offer is valid until end September 2021

Qualification: Masters and/or Bachelors in Landscape Architecture with 3-5 years' experience in the field of Landscape Architecture

Qualified and Experienced Senior Landscape Architect:

- Minimum 3-5 years working experience
- Excellent graphic abilities and an enthusiastic approach to design
- Wide range of project management experience
- Excellent technical abilities in terms of detail design

Software abilities to include:

- AutoCAD
- Revit beneficial
- InDesign
- Photoshop
- Illustrator
- Sketchup Pro
- MS Office

Need to have:

- Complete Graphic portfolio (PDF to be included)
- CV
- Past work experience and references not older than 1 year
- Letter of recommendation from previous employer(s)
- Must be well spoken and fully proficient in English
- A valid SA driver's license

Responsibilities:

You will be required to work on various local and International projects, ranging from all spheres of Landscape Architecture from inception stage, concept to close-out.

You will be required to do project management and be responsible for direct client liaison and communications with contractors and other professionals in the built environment.

Is this position for you?

You will need a qualification in landscape architecture with keen design flair and written capabilities to support project delivery through all the professional stages. You will have a proactive can-do attitude and demonstrate an innovative approach to design high-quality presentation and have excellent communication skills. You will also have good interpersonal skills and an ability to work in a group and dynamic team environment.

This position is available immediately.

Salary to be negotiated based on abilities, experience, and role.
